Provide for exception to filing of reports through the Board of Ethics Computerized Data Management System in certain situations. (gov sig)

The proposed legislation creates an exception to the electronic filing of campaign finance reports to allow a filer to file a report via other means if unable to file electronically because of a technical problem beyond the filer’s control. The filer shall file a certification with the report detailing the technical problem that prevented it from electronically filing the report through the Board of Ethics Computerized Data Management System. The filer shall file electronically through the Board of Ethics Computerized Data Management System no later than five days after the date the report was originally due. Effective upon governor's signature.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Changes will be made to the agency’s current computer system to track those candidates who are required to file electronically, but who submit the certification required as provided in the proposed law. Such changes can be made in-house and will not increase expenditures.

REVENUE EXPLANATION

Candidates and political committees that do not file campaign finance reports timely are subject to late fees. It is unclear how the agency will enforce the timely filing of reports electronically and what effect, if any, this law will have on the assessment of late fees.
